# DON'T JUST TREAT SYMPTOMS, HELP ACCELERATE RECOVERY

Beyond passive cold and compression applications, Game Ready® is the proactive power to help manage pain and heal faster.

Game Ready's innovative ACCEL® Technology (Active Compression and Cold Exchange Loop) combines active compression and cold therapies

in a revolutionary treatment system. Now you have the therapeutic power to enhance lymphatic function, encourage blood flow, and help stimulate tissue repair.

For acute or traumatic musculoskeletal injury and post-op recovery, go with the new standard of care. Go with Game Ready.

## COMPRESSION AND COLD WORKING TOGETHER LIKE NEVER BEFORE — FOR VIRTUALLY EVERY PART OF THE BODY

Created specifically for each body part, every wrap in the comprehensive Game Ready line provides low-profile design, optimal circumferential coverage, and better surface contact for more effective therapeutic treatments. And because Game Ready wraps fit better, they feel better too – which enhances patient comfort and increases compliance.
